of Correction

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

REQUEST FOR CERTIFICATE OF CORRECTION TO
CORRECT PTO'S MISTAKES

Sir:

It is respectfully requested that a Certificate of Correction be issued as per the attached to add foreign application priority data to the issued patent.

A certified copy of European Patent Application 02408034.5 was filed with the original application papers on November 12, 2003 and is listed on the Application Transmittal Letter.

The PAIR System shows a "Miscellaneous Communication to Applicant" dated November 21, 2003 which is, in fact, a 20 page copy of the certified European Patent Application that was filed with the original application papers on November 12, 2003.

Published Application US2004/0106813 of June 3, 2004 provides the foreign application priority data.

A Notice of Allowability dated March 14, 2006 indicated that a certified copy of the priority document had not been received.

A Request for Clarification (copy attached) was filed March 23, 2006 requesting a correction of the Notice of Allowability of March 14, 2006 to indicate that a certified copy of the priority document had been received by the PTO. No correction was made by the PTO.

Since the mistake in not printing Letters Patent with the Foreign Application
Priority Data is a PTO mistake, no fee is required.

Respectfully submitted,

Francis C. Hand

Request for Clarification

Sir:

A Notice of Allowability attached to the Notice of Allowance of March 14, 2006, indicates that a certified copy of the priority document has not been received. However, a certified copy of the priority document, i.e. European Patent Application 02406034.5 was filed with the original application papers and is listed on the Application Transmittal Letter.

Further, published Application US2004/0106813 of June 3, 2004 provides the foreign application priority data.

Still further, the PAIR System shows a "miscellaneous Communication to Applicant" dated November 21, 2003 of 20 pages that is in fact a copy of the certified European patent application.

In view of the above, it is requested that the Notice of Allowability be corrected to indicate that the priority papers have been received. In this regard, applicant also
